## Confrey Phillips

Confrey has enjoyed a reputation for providing wonderful entertainment to the Blacktie World. We have enjoyed his supper dances in the Lanesborough, and his many performances with his larger band at England's top society balls. Confrey is charming with a zest for life, with an incredible collection of stories, always tempered by an elegant wit and charm.

Musically, his repertoire is sophisticated and includes interpretations of Gershwin, Cole Porter, Irving Berlin, Rogers & Hart, Sondheim, Jerome Kern, Julie Styme and Noel Coward. He also is fond of the music of Stevie Wonder, Elvis, the Beatles and Sinatra.
