Ways In Our Hearts Celebration -

Playboy Mansion

We at The Nicole Brown Charitable Foundation pledge our time, our energy and our voices in an effort to educate the national and international communities to the dangers of family and partner violence. We help organizations that shelter and protect families in crisis, support long term solutions and work with educational programs specializing in rehabilitation and job training. We will continue our work until family and partner violence is eradicated.

Family and partner violence is a national epidemic. It has no religious, political, age, gender, sexual or social boundaries. It knows no boundaries. That is why The Nicole Brown Charitable Foundation Board, staff and volunteers focus on six critical efforts:

- (1) Response to victims.
- (2) Education and Awareness.
- (3) Legislative Initiatives.
- (4) Local and National Programs.
- (5) Events.
- (6) Our vision of Today - NICOLE'S HOUSE.
