# Jimi Hendrix

Artwork by Rock Legend Jimi Hendrix

A rare and seldom seen collection of original watercolor paintings by musical icon Jimi Hendrix, is now offered as limited edition museum quality reproductions.

These Hendrix paintings depict brightly colored fanciful figures and inventive forms. All are powerful highly creative and ave feature unique psychedelic images. Hendrix created these images using 5-6 watercolor pens held between the fingers of his right hand, although he is always thought of as a left handed musical artist.

The drawings were found by Bliss van den Heuval, the distinguished art and antique dealer from Palm Beach, and authenticated by Anthony Capoditupo, fine art expert , author and appraiser.
