

Angels and Rainbows

Angels and Rainbows was created for CELEBRATION! We need more Angels and Rainbows, more colorful peace, kindness, and love. It is a gift to even be alive on this planet we call Earth. Humans support humans, artists support artists. We all have our own limitations and we can break free from them together as a Nation, as a whole. It is time to show the power of LOVE. Pictured is **Nicky Scorpio** and his girlfriend **Katie Chonacas**.

Saluting Broadway's song and dance man... Lee Roy Reams

by Joel Vig
I am pictured here with my old friend, Lee Roy Reams at a performance in a New York City cabaret. With the Theatre Guild, Lee Roy and I have sailed the high seas around the world performing in such exotic locations as the Governor's Mansion in Barbados, a roof top garden in Athens, Greece celebrating the 90th birthday of Helen Hayes, and the Manaus Opera House deep in the Brazilian rain forest at a Gala Performance with Mistress of Ceremonies Sinthea Starr. Lee Roy has performed starring roles in a host of Broadway shows and performed at the White House for 4 different US Presidents. Isn't it time that Lee Roy Reams was inducted into the Theatre Hall Of Fame?

The late great songwriter **Ervin Drake** (I Believe, It was a Very Good Year) and his wife **Edith** were members of the American Popular Song Society

when it was called the New York Sheet Music Society. Many of the meetings were to find them sitting in the front row in their favorite seats. Here, **Richard Skipper** says he felt fortunate enough to become very good

friends with both. Also pictured— the unsinkable Molly Brown herself, **Tammy Grimes**. Great memories!
