

# Errol Rappaport's HOLLYWOOD

Welcome to my new article. As always, I will try to bring visibility and attention to those who want and need it. I hope all of you agree that the following organizations are worthy of such praise for their compassion, devotion and hard work put forth in their respective genre. With an abundance of dedicated charities, foundations and organizations, the task of singling out only a few continues to be a very difficult assignment. I hope you will agree with my following choices and continue to support those in need worldwide.

The 2003 American Heart Association Heart Awards Gala is a unique charity event uniting the worlds of Hollywood and medicine to raise funds for the American Heart Association, and to also raise awareness for their continuing efforts in the prevention of cardiovascular and stroke victims.

Founded in 1968, The Concern Foundation has funded over 500 researchers studying various forms of pediatric and adult cancer primarily in the area of immunology and immunotherapy. By targeting young researchers, Concern is able to provide critically needed "seed" money for promising new projects, in addition to funding research. Concern is a proud sponsor of fund-raising events and host activities for child cancer patients and their families.

Israel Bonds is an international organization offering securities issued by the government of Israel. Since its inception in 1951, Israel Bonds has secured more than \$25 billion in investment capital for the development of every aspect of Israel's Economy.

The Los Angeles Women's Division of the State of Israel Bonds has been a great contributor to this program. This year we generated \$13 million in sales through our annual Golda Meir Luncheon and Notable Society Events.

I hope I see you at one of these great , worthwhile events in the future.
