The 33rd Annual *"Bal des Arts, Impressions of an Age,"* took place at the Norton Museum of Art. Event Chairmen, Paula and Mark Cook welcomed 240 guests into the Museum for an exciting and elegant evening themed around an exclusive preview of the special exhibition *Landscapes from the Age of Impressionism*, organized by the Brooklyn Museum.

Landscapes from the Age of Impressionism presents 40 of the finest examples of mid-19th through early 20th-century French and American landscape paintings from the Brooklyn Museum's collection, including such leading French artists as Gustave Courbet, Camille Pissarro, Alfred Sisley and Claude Monet, and their most significant followers including Frederick Childe Hassam and John Singer Sargent.

Proceeds from the Bal des Arts support the Norton Museum's Community Outreach and Education Programs.
