America's top car collectors and more than a dozen auto racing celebrities came to Newport, Rhode Island for the William K. Vanderbilt, Jr. Concours d'Elegance at the Newport Mansions. The event honored modern racing legends Dan Gurney and Sir Stirling Moss with Lifetime Achievement Awards for their contributions to motor sports.

The three-day celebration of all things automotive included legendary drivers, competition cars, and grand classics. The festivities benefited The Preservation Society of Newport County, one of the nation's largest private custodians of National Historic Landmarks, including The Breakers (1895), Marble House (1892) and Chateau-sur-Mer (1852), which hosted the various Concours events. Dan Gurney and Sir Stirling Moss each received the first annual William K Vanderbilt,

Jr. Awards for Lifetime Achievement at The Legends of Racing Dinner on Friday, July 27 at The Breakers. The awards celebrated "Willie K" Vanderbilt's motor sports achievements, as a world land speed record holder in 1904 and founder of the Vanderbilt Cup races.

"Dan Gurney and Sir Stirling Moss are among the greatest racers of all time, and we are absolutely thrilled to have them join us for this premier event," said Preservation Society CEO and Executive Director Trudy Coxe.
