**1) We can still have fashion, but...**

**Let's support our local businesses and restaurants this summer during the pandemic.**

- 2) Sara Johnson Kaplan in Sag Harbor getting lunch and take out on Main Street near the American Hotel.
- 3) Julian Ramirez the manager of The American Hotel in Sag Harbor

Pianist **Rosa Antonelli's** Remote Watch Party, Featuring Music from Her Internationally Acclaimed CD "Bridges", with Consulate General of Argentina in New York. Read reviews and see video interviews with Ms. Antonelli about it at <http://www.rosaantonelli.com/reviews>.

The title, Bridges, implies connections. The bridges invoked in the concert selections are a series of personal and musical connections between five composers that lead from the 19th century piano virtuoso Chopin to 20th century tango master Astor Piazzolla - links from mentor to student through five generations: Chopin; Georges Mathias; Alberto Williams; Alberto Ginastera and Piazzolla.

**Eric Braverman MD** with the amazing **Kimberly Guilfoyle**.

Dr. Braverman is the author of two best selling books about staying smart and fit! He says the brain controls the body but its less tested than other sections of the body! He says it's a mistake to put the primary emphasis on breast, heart, colon and sexual health!

His Younger You book teaches the important principle you're only as healthy as your oldest part!
