

Paula Zdovc

Licensed Aesthetician, Certified Electrologist

Austrian-born Paula Zdovc is one of New York City's most sought-after aestheticians. For more than 20 years, Paula has been helping New Yorkers look and feel their best.

Located on Manhattan's exclusive Upper East Side, the salon is only one flight up and heavenly in its appeal. As you lie in its relaxing surroundings, you'll gaze up at an always blue sky with puffy white clouds. Calming music will engage your senses, creating a welcome respite from your busy day. The gender-neutral offices provide a pleasing environment for both male and female clientele.

Among the salon's clients are television personalities, high-fashion models, and business executives who are drawn to the time-efficient, high quality, discreet service provided. Busy moms who value pampering, are given the personal attention they deserve after a day, a week, a month of taking care of others.

The Paula Zdovc Salon also specializes in services for teenage girls, making them feel comfortable and confident as they experience their first beauty treatments. They will learn first-hand what Paula knows so well:

"When you look good, you feel good."

The Paula Zdovc Salon offers several exclusive product lines, including Jurlique Ageless Skin Care, Wilma Schumann Skin Care Products, and Ageless Skin Rejuvenation Oil.

Services are by appointment only:
