WHY MARK7 STUDIOS?

FULL SERVICE PRODUCTION FACILITIES

The Newly Upgraded Mark7 Studios Production Center: Built by the engineers who designed the studios for NBC's "Tonight Show" and the Lucas Film facilities, Mark7 is one of the advanced vertically integrated, High Definition venues on the East Coast, with live transmission capabilities.

EASILY ACCESSIBLE

The Closest Studio to Manhattan: Three miles from the Lincoln Tunnel, also accessible via the Holland Tunnel and the George Washington Bridge, our location is less than fifteen minutes from mid-town Manhattan.

STRATEGICALLY LOCATED

Studio is near hotels, restaurants, transportation, skilled labor, major equipment houses & catering, within proximity to Giants Stadium, Newark Airport, Teterboro airport, Northern New Jersey & Meadowlands Xanadu, Mark7 Studios is a practical alternative to Manhattan that also serves as an extension to the epicenters of NYC Media businesses.

PROVEN

Major TV networks— including CNBC and Univision TV/ Channel 41, have operated here 24/7 for over twenty years for live television broadcasting, producing multiple shows at a time. The facility is perfect for multi-camera production, news & sports casts, commercials, motion picture & single camera productions, PR and corporate video.

MOST COMPETITIVE RATES IN THE AREA

With 20% NJ tax credits both above and below the line, coupled with our attractive discounted rates.

RENTALS

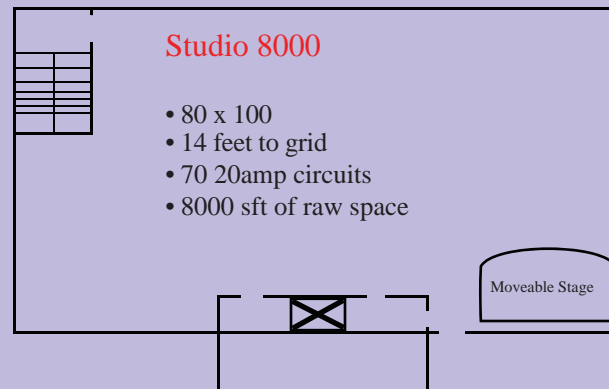

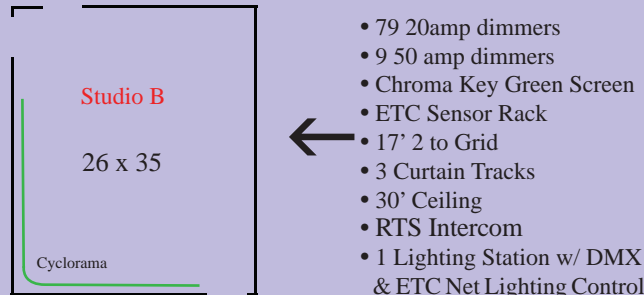

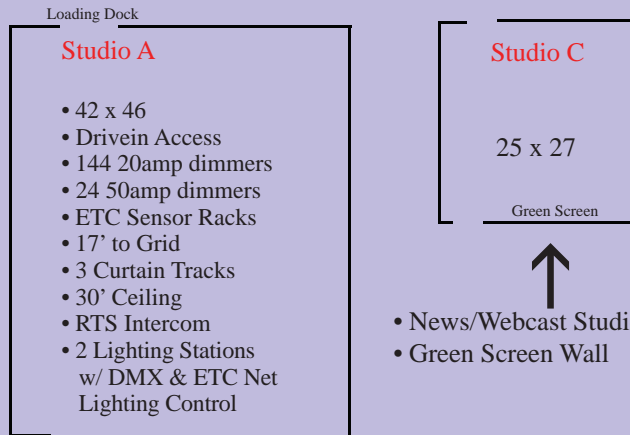

You can rent our HD studios facilities.
